Subject: Call from Robert Wolinski at Dallas Morning News
Date: Monday, December 3, 2018 12:27:00 PM

I received a call from Robert Wolinski at the Dallas morning news asking about the Lane Plating site. I went ahead and answered some technical questions related to the following.
I stated we wanted to do a better job working with community groups.
He asked about horses on the property. I told him we are investigating this.
I described the superfund process.
I gave some details on the timeline of discovering the site and the removal.
I told him we are working on a sampling plan and we plan to do some sampling this winter.
He stated he is trying to contact Rebecca Storm the TCEQ RPM.
I think I need to contact external affairs but I am not sure who I need to talk to.
